Cocoa Beach Sail and Power Squadron

Marine Electrical Systems Course

Monday, April 22, 2019 to June 24, 2019

Cape Canaveral Hospital, Medical Plaza Building
Classroom C, 1900 to 2100

Cost: Member: $57.00/$72.00 for two sharing a book
PCYC Members pay the same rates as CBSPS Members!
(There is an additional $20.00 Non-Member Test Fee for each CBSPS non-member wishing to take the exam.)

Marine Electrical Systems (MES) is a nine-week course that covers the practice of wiring your boat, including boat electrical wiring diagrams, direct and alternating current, galvanic and stray current corrosion and lightning protection. Troubleshooting is emphasized throughout, so students should feel comfortable performing even tricky wiring tasks after passing this course.

Enroll on-line by visiting the Boating Education page at CBSPS.org or contact Jan Moore at PCYC
